

SPIRITUAL CARE IN COMMUNITY HEALTH CARE SETTINGS – COMMUNITY CHAPLAINCY

Thursday 4th October 2018

For those who connected with a faith community there is both social and spiritual support. For those who aren't where is their spiritual support in times of health care crisis?

This day will be based on the shared experience of individuals working in Community Health Care Chaplaincy and will enable participants to build their plan to make a difference in their community.

This is an opportunity for the church to make a significant contribution to the health and wellbeing of the local community.
